

# USD 475 Device Agreement

## (Grades 3-12)

Date: \_\_\_\_\_

Dear Parent(s)/Guardian(s),

Students in USD 475 will be using computers in the classroom to increase and support student achievement. Students will spend time learning how to use them respectfully and properly.

Students will have the opportunity to bring home their device. Taking a device home requires the following commitments:

- If you would like to view the USD 475 1 to 1 Handbook, go to this link, 1 to 1 Device Handbook. [https://www.usd475.org/\\_layouts/15/WopiFrame.aspx?sourcedoc=/Documents/District%20One%20to%20One%20Device%20Handbook%202016.pdf&action=default](https://www.usd475.org/_layouts/15/WopiFrame.aspx?sourcedoc=/Documents/District%20One%20to%20One%20Device%20Handbook%202016.pdf&action=default)
- The student must have this form on file to have a device checked out.
- The student must promise to handle the device as carefully as he or she has been handling it in class. Any intentional or negligent damage may result in paying for the repairs or a new device (up to \$500.00).
- The student must keep the device inside the protective case when not in use. This means that the student does not show the device to other students on the bus or pass it around to others that do not know how to treat the device correctly and responsibly (this includes brothers/sisters).
- The student will bring the device to school fully charged each day.
- The student must return the device prior to the last student contact day.
- The student must return the device when moving to another school in the district or out of the district.
- The device is the property of USD 475 along with apps or programs on the device.
- Parents/Guardians will report problems to the teacher or administrator. Please do not attempt to repair the device.
- Parents/Guardians will support students by supervising care and use of the device outside of school.
